

FAIRPORT BAPTIST HOMES

1904 - How it began...

Ricker

Dr. Marcena Ricker

- Personal physician to Susan B. Anthony
- Local reformer and friend of Helen Barrett Montgomery
- Interested in issues of women, education, and the workplace
- Concern for the plight of Monroe County's widows and orphans
- Paved the way for the founding of "The Baptist Home of Monroe County"

In the 1990's, FBH “pioneered” a culture change

- Fairport Baptist Homes helped form the Pioneer Network, a group of nursing homes devoted to a new concept of care
- This transformation in culture focuses on “residents first” rather than on staff efficiencies

Pioneer Culture

- Residents First
- Hallways to households
- “Normal” sights, sounds, smells
- Pets, plants, personal furniture, individualized decorating, dining rooms and laundries on households
- Intergenerational activities
- Flexibility in resident decision-making, scheduled activities, bathing, etc.
- Independence, dignity, and focus on quality of life
- Measurable positive results

1.6 miles across

Why COLLAGE?

- Corresponds to our mission, philosophy and values
- Standardizes our assessment
- Supports the growth in numbers of seniors served
- Continues our focus on person centered care
- Provides a basis of outcome measures

Our COLLAGE experience so far

- Care managers appreciate the depth of information gathered
- New information obtained even from people that are previously well-known
- Promotes a deeper relationship between residents and care managers
- Strengthens the partnership between residents and care managers
- Good entry tool
- Find the process time consuming initially but feel it will be quicker with more experience with the tool

One senior's comments

- “This conversation has validated my membership in this community”
- “It has given me a voice”
- “The goal setting is empowering and helps me see how I can still contribute even after the health changes I have experienced”
- “This experience has deepened my relationship with my care manager”

What COLLAGE will help us do

- Empower seniors
- Focus on wellness
- Allow data driven decisions and planning
- Provide a methodology for outcome measures
